

# Sussex Wood Shutters

*"The Sussex shutter range offers generations of style and durability, complementing any window in a most distinguished fashion."*

The Sussex range provides a uniform appearance with a rich wood character, offering the ultimate expression of elegant window furniture design.

Sussex shutters are available in speciality shapes and can be customised for any window, shape and size. Solid raised panel and louvre combination panels are also available, creating unique and functional shutter designs for all applications.

Sussex shutters are crafted by hand from premium Teak and finished with a silk smooth palette of 18 solid and 33 stain colours. In addition to this gloriously wide colour range, the Sussex shutters can also be custom painted in any colour from the Dulux Series 2 Specifier.

The Sussex wood shutter range is available in 47mm, 64mm, 89mm and 114mm louver widths.
